

Software Developer

[Apply Now](#)

Company: CONEXIONHR

Location: Uruguay

Category: computer-and-mathematical

About us:

We are a dynamic and innovative company that values independence, trust, and a relaxed work environment. Our small, close-knit team operates without unnecessary bureaucracy, allowing each member to function independently and make impactful decisions. We prioritize a chill and stress-free atmosphere, steering clear of unrealistic deadlines. We believe in autonomy and control over projects, fostering an environment where our team members take ownership of their work.

The role:

We are seeking a skilled Software Developer with a focus on iOS and React to join our growing team. As a core member of our development team, you will have the opportunity to work on cutting-edge projects, emphasizing the delivery of a high-quality iOS app experience. The ideal candidate will be proficient in iOS development using Swift and possess expertise in React for web applications.

Responsibilities:

- Collaborate with cross-functional teams to design, develop, and deliver high-quality iOS applications.
- Take ownership of the iOS app, contributing to its core development and ensuring a seamless and delightful user experience.
- Utilize Swift to implement new features, enhance existing functionality, and optimize app performance.
- Work with the React team to integrate web components into the iOS app and ensure

consistency across platforms.

- Maintain code quality, perform code reviews, and troubleshoot bugs to ensure a robust and reliable application.

Qualifications:

- Proven experience as a Software Developer with a focus on iOS, demonstrating expertise in Swift.
- Strong proficiency in React for web application development.
- Experience working in a small, autonomous team with a focus on collaboration and effective communication.
- Ability to take ownership of projects and drive them to successful completion.
- Passion for delivering high-quality user experiences and a keen eye for detail.
- Excellent problem-solving and debugging skills.

Perks:

- Autonomy and control over the project, allowing you to truly own and shape the app.
- A relaxed and stress-free work environment.
- Opportunities for professional growth and skill development.
